

## Quality Policy:

The policy of Land & Sea is to provide our internal and external customers with products and services that meet or exceed both their requirements and expectations.

Land & Sea shall provide at least the following products and services:

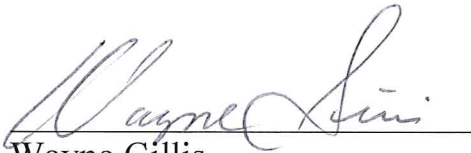

- a) Calibration and repair of inspection, measuring and test equipment.
- b) Rentals and sales of inspection, measuring and test equipment.
- c) Experienced trades people.
- d) Instrumentation installation, programming, commissioning and start up expertise.

Land & Sea is committed to complying with requirements and to continually improving the effectiveness of the quality management system.

Land & Sea shall ensure continual improvement by setting and measuring quality objectives. Quality objectives established at Land & Sea shall be approved by the General Manager and they shall be reviewed each year, and revised when required, using the Management Review process.

Land & Sea shall ensure that this policy is communicated and understood within the organization. And that it is reviewed each year for continuing suitability using the Management Review process.
